

# ANVILL The Quest for Meaningful Interactions

ANVILL ([anvill.uoregon.edu](http://anvill.uoregon.edu)) has always been focused on making speech easy to work with. Here are some of the key features of the latest version: easy creation of complex lessons, a built-in streaming media engine, /V tasks everywhere, LTI compatibility, detailed analytics, and (soon) a mobile app, which makes spoken language tasks easier to create and respond to.

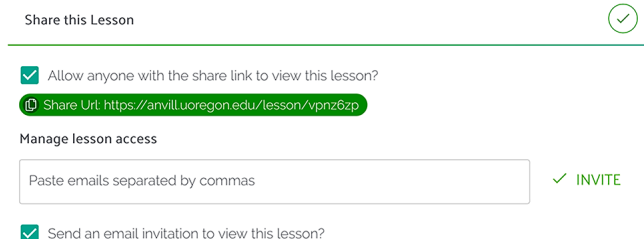

ANVILL'S Tools: A Mashup of ANVILL's speech and media services with H5P's interactive Content Types.

## ANVILL's Goals

1. To provide language teachers with a set of oral communication tools that make out-of-class spoken language practice easy to create and manage.
2. To make these tools available in a variety of LMS platforms and on mobile as well as desktop devices.
3. To build on the great work of others in lesson design, analytics, and content sharing

## Creating a Voiceboard for Speaking Practice

1. From the hamburger menu  in the upper left, click on "Lessons".
2. Click **+ ADD A LESSON** to create a new one, or click on an existing one to edit it.
3. Click **+ ADD CONTENT** to begin adding activity types (Voiceboard, Interactive Video, etc.)
4. To add a speech-based discussion lesson, click on the icon for Voiceboard (VB) .
5. Begin adding things like a VB title (just type over "Untitled...").
6. Give a description or instructions.
7. To add a media prompt for the VB, click on **+ ADD MEDIA**. You can any kind of media, including a personal recording.
8. Select how you want students to respond to your prompt: checking all the boxes ☒ means they can use any of the ones listed.
9. Your VB is ready to go. Click  to save or  to cancel.
10. To share the lesson with students, click the vertical ellipsis in the bottom right. 
11. Choose Share, and select the appropriate choices, e.g. copy the URL in green.. See screen shot below.

Share this Lesson 

☒ Allow anyone with the share link to view this lesson?

 Share Url: <https://anvill.uoregon.edu/lesson/vpnz6zp>

Manage lesson access

Paste emails separated by commas  **INVITE**

☒ Send an email invitation to view this lesson?

12. The URL can then be copied and sent to students in an email or pasted into a Canvas page or assignment.
13. Students log in with their DuckID, find your lesson, open it and click **+ ADD MESSAGE** to begin contributing to the VB discussion, or crafting a response to others.
